

# Kiwanis Club of North Modesto

**April 9, 2020 – Our second meeting via Zoom, with President Robert Husman hosting and presiding.**

In an effort to get back to a sense of normalcy, we had a program -- from someone uniquely qualified to the online format.

Tammy Brecht Dunbar, a fifth grade teacher in the Manteca Union School District, has been using technology in her classroom for years. She is a Microsoft Innovative Educator Expert Fellow and a Skype in the Classroom Master Teacher and has taught technology to teachers around the country.

Tammy not only talked about but also shared the technology that she and her students use.

They do not convene for class at the same time each day but have daily assignments. She emphasized that it is important to give the students flexibility because not all have internet access. All of Manteca students have devices (Chromebooks) so this is not totally new ground for them.

She video tapes messages for the students each day. She can use technology to see which students have checked in each day and the time they spent on their assignment and whether they were completed. If a student is not getting his or her work done, she calls the family to see what help she can provide.

Tammy gave her email for those who might have questions: [Tdunbar@musd.net](mailto:Tdunbar@musd.net)

**Next week's program:** It was scheduled to be our annual scholarship presentation breakfast. As an alternative, Robert will invite each of the 10 recipients to participate in our Zoom meeting. A couple of previous recipients also may join in. (The number of scholarships being awarded this year was cut in half, in order to have money in next year's budget.

## **BIRTHDAYS/ANNIVERSARIES:**

Robert acknowledged birthdays since our last in-person meeting on March 12. I wasn't taking notes but they included Kevin Scott, Lori Rosman, Cory Warner and Bob Harper. Suffice to say, everyone celebrated at home.
